2.3 Implementation

Key stage 1 & Key stage 2

Our curriculum inspires our pupils and provides development and learning opportunities, ensures learning takes place, develops key relationships and makes sure children feel secure in line with NC documentation. The seven areas of learning within our curriculum cover are:

Numerical

Linguistic

Technological

Scientific

Physical

Aesthetic and Creative and

Human and Social opportunities

It is also divided into three prime areas; (Communication and Language, Personal, Social Emotional Development (PSED) and Physical Development) and four specific areas (maths, literacy, expressive arts and design and understanding the World). We recognise that pupils are active learners and they learn through their senses. Through exploration, investigation, experimentation, listening & watching as well as through play. It is important that our pupils have opportunities to interpret their environment, learn to make choices for themselves and grow in confidence understanding their value in our school community.

2.4 Impact

2.4.1 Our overall goal is to create an environment which allows our pupils to achieve their own academic targets, as well as SMSC values. This includes working in an integrated way, with care and clinical teams to:

- Progress towards their academic age-related expectation
- Increase social and emotional awareness
- Pupils that have had long/sustained periods of time out of education, will be presented with the opportunity to follow a personalised educational timetable, studying the 7 areas of learning.
- Pupils will be able address previous trauma and plan for a positive future (mentally and emotionally), by working closely with their assigned Five Rivers clinical psychologist (one a week).
- Allow pupils to build and maintain positive and meaningful relationships with both staff and peers
- Re-establish trust in adults and their intentions
- Increase self-esteem and belief in their abilities
- Develop further communication skills and the ability to verbalise needs.

2.4.2 How will we identify the impact?

The educational team will identify the success of each pupil and the impact that their personalised curriculums have had, via the following avenues:

- **Assessment and attainment** – *staff are able to link each lesson's success criteria (regardless of their outcome), that each pupil obtains on a daily/termly basis through the assessment tool 'Classroom Monitor'. This is then recorded/monitored on each pupil's 'Pupil Profile'.*
- **Pupils attitude towards learning** – *Staff will constantly assess how each pupil presents themselves, when the work/daily timetable is presented/discussed.*
- **Work produced in books/lessons** – *The marking that is undertaken, will provide staff with the opportunity to assess each pupil's efforts and the presentation of their work. This is then marked, according to the schools marking policy and EBI's are set/communicated.*
- **Pupil voice** – *All pupils are asked on a daily/half termly basis, on their thoughts and feelings, relating to how they feel in school and what resources/activities would they like the school staff to purchase/create for future use.*
- **Pupils using their knowledge in the wider setting** - *From what the pupils have learned, they are then able transfer their knowledge/skills developed. For example: 'Hygiene' (PSHE); from the associated lessons, they are then able to understand why it's key to remain clean and lead/maintain a healthy lifestyle.*
- **Review of objectives and targets set from PEPs and annual EHCP reviews.**
