## 1. Introduction

- 1.1 All pupils need to feel safe, recognised, understood, valued and accepted so that they can learn. For pupils who are learning English as an additional language, this includes recognising and valuing their home language and background. At Five Rivers, we are aware that bilingualism is a strength, and that EAL pupils have a valuable contribution to make. We take a whole school approach, including ethos, curriculum, and education against racism and promoting language awareness.

## 2. Purpose

- 2.1 The purpose of this policy is to outline the school's approach to identification and meeting the needs of pupils who are classified as having English as an additional language (EAL).

## 3. Definition

- 3.1 In defining EAL we have adopted the following definition:  
'An EAL pupil is a pupil whose first language is not English. This encompasses pupils who are fully bilingual and all those at different stages of learning English.'  
EAL pupils may be:
  - Newly arrived from a foreign country and school;
  - Newly arrived from a foreign country, but an English speaking school;
  - Born abroad, but moved to the UK at some point before starting school; or
  - Born in the UK, but in a family where the main language is not English.

## 4. Context

- 4.1 EAL pupils come from a variety of backgrounds. Some are from well-established local communities such as Pakistani and Somalian, while others are new to the language and culture of this country.
- 4.2 Some EAL pupils are isolated learners and may be the only speaker of the language in the school.
- 4.3 Many pupils have attended school and are literate in their home language on arrival, whereas some may have had no previous formal education.
- 4.4 Some of our pupils may have experienced trauma and this will have an impact on their learning.
- 4.5 There are more than one hundred different languages spoken in Redbride.
- 4.6 In our school we are likely to have pupils who are learning English as an additional language
- 4.7 EAL pupils will need varying levels of provision.

## 5. Key Principles of additional language acquisition

- 5.1 EAL pupils should receive the full National Curriculum programmes of study and all their teachers and school leaders have the responsibility for teaching and providing access to English as well as other subject contents.
- 5.2 To access the learning required to be successful in school, attention must be given to words, meanings and context which is embodied in each of the curriculum area. Hence meanings must be explicitly taught as language is essential in the formation of the children's identity.
- 5.3 The children will require the ability to communicate on a day-to-day basis in English also the level of language needed for effective learning is deeper and more detailed, therefore the children will require continuing support with school curriculum.

- 5.4 Effective language development needs purposeful contexts across the curriculum.
- 5.5 Teachers must plan to meet the language demands of each learning task.
- 5.6 It is essential that teachers and teaching assistants, model good use of language in the school.
- 5.7 The development of an additional language can be supported by the skills used to acquire the first language.

## 6. School Ethos

- 6.1 Our school, we seek to ensure that all pupils are enabled to have access to a broad, balanced, and relevant curriculum. EAL pupils learn English better through the curriculum and alongside their peers. Therefore, we will encourage them to play a full part in all learning opportunities.
- 6.2 The school structure and overall ethos aim to help EAL pupils integrate into the school whilst valuing the diversity they bring. We create classrooms that are language rich and culturally inclusive. Pupils' home languages are recognised and integrated where possible, so that they know we value their 'mother tongue'. Visual aids are used around the school and as much as possible the equipment in the school is labelled.

## 7. Assessment

- 7.1 All EAL pupils will be assessed during the admission process.
- 7.2 Staff will assess and monitor pupils, give support and guidance as needed
- 7.3 Pupils will be given targets to work towards following the assessment.
- 7.4 Staff will meet regularly to discuss pupil progress, needs and targets.
- 7.5 Progress in the acquisition of English is assessed and monitored daily.
- 7.6 Care and sensitivity are given to the appropriateness of testing EAL pupils at the earlier stages of English acquisition.
- 7.7 Following the above, lessons will be planned appropriately.

## 8. Monitoring and Evaluation

- 8.1 Targets for EAL pupils are appropriate, challenging and reviewed weekly.
- 8.2 Planning for EAL pupils incorporates both curriculum and EAL specific objectives.
- 8.3 Staff regularly observe, assess and record information about pupils' developing use of language.
- 8.4 When planning the curriculum, staff take account of the linguistic, cultural, and religious backgrounds of families.

## 9. Teaching Strategies

- 9.1 Classroom activities have clear learning objectives and use appropriate materials and support to enable pupils to participate in lessons.
- 9.2 Key language features of each curriculum area, e.g. key vocabulary, uses of language, forms of text, are identified.
- 9.3 Enhanced opportunities are provided for speaking and listening, including both process and presentational talk, and use made of drama techniques and role play. Pupils have access to effective staff models of spoken language at all time.
- 9.4 To support learning visual support is provided, e.g. posters, pictures, photographs, objects, demonstration, use of gesture.
- 9.5 Where needed additional verbal support is provided, e.g. repetition, modelling, peer support.

- 9.6 In most lessons, learning progression moves from the concrete to the abstract.
- 9.7 In all lessons scaffolding is provided for language and learning, e.g. talk frames, sentences starters writing frames.

### **Other teaching techniques**
