Appendix 1

How does the point system work at FHS?

Points Awarded in Each Lesson (0-5):

Points are awarded both merit and whether a pupil has achieved all their personalised targets. In each classroom, there is a scoring sheet displayed, which outlines exactly what each score (0-5) means.

If a pupil manages to obtain a '0' in any lesson, then this means that at the end of the school day, that evening, they'll have to serve a 'Time Owed' session, due to their previous behaviour. A '0' in a lesson simply means that they haven't been able to follow any instruction and/or their classwork hasn't been attempted nor completed.

A 'Secret 5' in any lesson means that the pupils have gone above and beyond the call of duty and will receive an extra £ for the day (immediately). These are very difficult to earn, and the teachers will provide numerous challenges for the pupils as an extra 'Incentive to Learn'.

Below is a break down of what each point means that a pupil has obtained.

	0	You have not met any of your targets. This could be due to a crisis or you refusing to work, which will result in a consequence after school.
	1	You have managed to meet one of your personalised targets however, there is plenty of room for improvements. Please refer to your targets.
	2	Good try. You have managed to meet two of your set targets, which shows you are on the right track. Could you look at your targets to remind yourself for next lesson on future improvements?
	3	Well done, you have met three of your targets and you've shown a good level of attitude towards learning. Maybe with a little more effort you could achieve your full points next lesson.
	4	Great work! You have managed to meet all four of your targets through conducting the work set. You've shown an excellent attitude towards learning. Keep up the good work!
	5	Excellent effort, you've gone above and beyond in completing your work and/or completing an extension task. By doing this you have managed to earn yourself an extra £ for the day.

The reward points system at FHS has been formulated to challenge all the pupils academically and provide an incentive to succeed within their own personalised learning environment.

Each pupil has personalised targets which they will be scored during each lesson. For example:

How do I get points during my lessons?

1. To ask and accept help when frustrated
2. Speak to everybody appropriately
3. To not use negative affirmations
4. To follow all instructions given by staff

What points have I scored for that lesson?

These targets are situated in each pupil's private study booth, which allows them and the teaching staff to refer to various points of the school day.

Each pupil's individualised targets are reviewed when staff sense a change is needed. The correct documentation is then completed and stored on the schools SharePoint system.

Pom Pom Jars:

There is a jar placed within each classroom, depending on the main are of focus for that student. For example, students may get a pom pom if they are seen sharing or using polite language. Therefore, each jar is bespoke to each student and their classroom. Due to the nature of our students, the focus may change, once other areas are identified.
