2. Procedures Gulliver's Activity Centre

2.1 Fire, Emergency and Security

Employees will:

- Be aware of the location of fire escapes, fire alarms and evacuation assembly points. There are 6 fire alarms at Gulliver's Activity Centre they are situated in each of the class cabins, the staff cabin/kitchen and the storeroom in the toilet block.
- Comply with all site health and safety procedures including emergency fire drills and evacuations. Fire drills are completed within Gulliver's Activity Centre half termly.

2.2 Evacuation procedures at Gulliver's Activity Centre

The assembly point for all aspects of Gulliver's Activity Centre is by the green fence by Gulliver's theme park.

Assembly points on education bases are noted on the fire evacuation plan specific to each base. If the fire alarm sounds, staff, students and visitors evacuate through one of either of the class cabin fire exits.

2.3 Roles and Responsibilities

The daily fire checks are recorded on the ClearCare system daily by Laura Cheetham (site lead and Health and Safety Representative) and Wayne Miller (lead teacher). Some staff at Gulliver's Activity Centre have completed fire extinguisher training. Laura Cheetham and Wayne Miller are Fire Marshals for the site.

In cabin classrooms, the staff member is responsible for being aware of and following the fire regulations, escape routes and protocols for the base. The Site Lead acts as Fire Marshal for evacuation and ensures half termly fire drills are completed and recorded. These are recorded on the fire log. The Fire Marshall is responsible for calling the register on evacuation and ensuring the building is empty. The Fire Marshall will liaise with the fire service.

Personal electrical equipment, for example phone chargers, are not to be used at Gulliver's Activity Centre or any other school education bases. Only electronic items with a valid and up to date PAT testing as part of the annual PAT test at Gulliver's Activity Centre can be used.
