2. Admissions Procedure

Clannad is a 5 place non-association independent school for children with social, emotional and mental health needs. Many children have experienced significant trauma or rejection in early life as well as exposure to alcohol, illegal drugs or domestic violence, often as an unborn child. Some young people may have additional physical disabilities and medical conditions or moderate, even severe, learning disabilities.

Admissions can be sought at any time during the academic year, but it is advantageous to the pupils to be admitted at the beginning of the academic year. We will accept children and young people who have do not have an Education Health Care Plan (EHCP) or statement.

Pupils are referred to the school from the local education authority, social care, SEN department. Some pupils are on integrated care / education placements and attend the school as part of the package of care that their local authority has bought in for them. Local schools and academies can buy places for their pupils who will then be dual registered or will remain on the role of their main school. Full time and part time packages are available. Parents can request a place at the Centre but must secure funding from the local authority.

Due to the highly vulnerable nature of our pupils a risk matching process for all new applicants to the school is undertaken. If the risk assessment of the addition of new pupils would put existing pupils at excessive risk then a place could not be offered at that time but may become available if the risk assessment changes significantly.

When a referral is made by a local authority the following paperwork is requested:

- EHCP
- Last school report
- IEP
- PEP if appropriate
- Reports for external agencies i.e. CAMHS, Education Psychologist, YOT
- Brief history

Prospective parents, carers, social workers, casework officers and pupils are welcome to visit the school by appointment throughout the year. If you wish to visit, please contact the school office by telephone or email.

3. Assessment

For some children, school causes anxiety and they may need a careful transition to help them to develop coping strategies and skills with which to function in school.

Staffing ratio will be considered and applied accordingly.

We may use community venues in quiet locations to deliver classroom-based learning for some of the timetable. This will all be agreed during the referral procedure with the placing authority.

In School: All pupils in school will complete a transition. This offers 1 to 1 and 2 to 1 support. Pupils can build up their days in school according to need.

Personal pathways for learning and developing social skills are established. Academic and emotional literacy baselines are recorded.
