2.1 Recording, Reporting, and Monitoring

All concerns or incidents relating to bullying or child-on-child abuse must be reported immediately to the Designated Safeguarding Lead (DSL).

All incidents are recorded factually, objectively, and in appropriate detail on Cura, in line with safeguarding and data protection procedures.

Records include:

- A clear, factual account of the incident or concern
- The views and voice of the child where appropriate
- Any immediate actions taken
- Decisions made and the rationale for these
- Outcomes, support offered, and follow-up actions

Cura records generate a PDF incident report, which within 24 hours is shared with the named person at the school where the young person remains on roll, in line with agreed information-sharing arrangements.

Patterns of behaviour are monitored over time to identify repeat concerns or emerging risks.

Where appropriate, additional professionals are informed in line with safeguarding thresholds.

Parents/carers are informed using professional judgement and safeguarding guidance.

If an incident meets safeguarding thresholds, it is managed under Child Protection procedures.
