Five Rivers Online School

About us

Five Rivers Online School develops the whole learner by adopting both a therapeutic and academic approach to ensure they achieve the best possible learning experience and outcomes. We also work closely with parents/carers, and health and education professionals as part of the learner's wider education support network.

Five Rivers Child Care

Education

Five Rivers Child Care schools provide a therapeutic educational framework that promotes emotional growth alongside academic success and so encourages holistic child development. Our education provision is fully integrated with our other services.

Clinical Services

We formulate our individually tailored education plans with input from our team of clinicians. They support the children experiencing therapeutic intervention and prepare them for any transitions in their care.

Residential

Children in residential care have access to onsite registered schools or receive tailored one to one support through our outreach service 1 ACE.

Fostering

Children in our care have access to our tailored one to one educational support through our outreach service 1 ACE..

Five Rivers Online School:

- Nationwide virtual education platform.
- National online examination centre.
- Primary and secondary mainstream and alternative education specialisms.
- National curriculum and national examination subject specialists.
- SEMH including, trauma, anxiety, behavioural difficulties, disaffection, communication and interaction and attachment disorders.
- Cognition and learning, global development delay, MLD and SLD including ASD, ADHD, PDA, Dyscalculia, Dyslexia and Dyspraxia diagnoses.
- Offers out of school, in school and after school tuition.
- Offers attendance at education meetings to provide support, advocacy and advice
- step up and step down services.
- The online school offers a limited number of on-roll places for young people who are accessing education solely through an online learning programme.
- Lessons are delivered live by qualified teachers in a fully safeguarded online environment. Quality assured teaching and learning

Quality assured teaching and learning

We offer high quality teaching, communication and assessment and quality assure our teaching and learning in line with Ofsted requirements. Each lesson is individually planned and delivered by our team of qualified teachers who are experienced in mainstream, SEND, SEMH and trauma informed educational needs. All lessons are live and delivered on a one to one or small group basis. We teach in line with the national curriculum framework and boast a wealth of knowledge and experience in primary, secondary and alternative education specialisms and diagnoses.

Achievements

Dyslexia Friendly Quality Mark

Five Rivers Education has achieved the British Dyslexia Association's Dyslexia Friendly Quality Mark (DFQM). The accreditation recognises the consistent use of inclusive, evidence-informed approaches that support learners with dyslexia and other literacy-related difficulties.

Our school is committed to creating a dyslexia-friendly culture where every learner can thrive. Through inclusive teaching, accessible learning environments and tailored support, we work to remove barriers to learning and help pupils develop confidence, independence and a love of learning. Working closely with families and specialist professionals, we ensure that individual needs are understood and supported, enabling all pupils to achieve success.

The Attachment and Trauma-Sensitive Schools Award (ATSSA)

The Attachment and Trauma-Sensitive Award validates schools that demonstrate a culture of compassion and nurture, fundamental components for getting children into a state of 'learning readiness'. The Award is issued only to providers who can demonstrate they have met its rigorous quality standards. We are delighted to have had the Gold Award renewed.

Department for Education

Accredited by the Department for Education as a provider of online education.

Online Examination Centre

Five Rivers Online School is a registered centre for online national examinations.

Wider support network

At Five Rivers Online School we work closely with parents/carers, and health and education professionals as part of the learner's wider education support network and can offer as part of our commissioned services:

- Education consultancy and advice for the children we teach.
- Support and advise at statutory meetings for the children we teach.
- A pupil portfolio of information to aid a smooth transition to the learner's next education placement.

Pupil portfolio

When our Five Rivers Online School interim learners are ready to take their next steps back into education we work closely with the school and adopt a flexible step-down approach informed by the learners needs. To aid this transition we can offer a pupil portfolio of information which contains (depending on duration):

- A Pupil Profile
- Base line and subject assessments
- An Individual Curriculum Plan (SOW)
- Samples of work
- Progress Reviews and Reports
- Record of achievement.

We have our own in-house Thrive practitioners. Thrive is a trauma-informed approach to improving the mental health and wellbeing of children and young people.
